

Lanesborough Village Fire and Water District

Privilege Fee Policy

In an area of the District where a water line extension resulted in the assessment of a betterment, any new service lines shall be charged the initial assessment amount during the period the betterment apportionment covers. Any privilege fee charged shall be divided by the total number of assessments and apportionment years still outstanding in that area where the betterment was applied, and that fraction shall then be applied annually as a credit to all those assessed properties until such time as the betterment has been paid in full.

Adopted 11/4/2022

Covers area from Old Cheshire Road and Summer Street to Route 8 near the Baptist Church
